

OUR GUIDING PRINCIPLES

The Executive and Membership of the Rainbow Rockers Curling League recognizes a commitment to our members who are part of a diverse and growing Gay, Lesbian, Bisexual, Transgendered, Transsexual, Intersex, Queer/Questioning, 2 Spirited and Allies Community, by providing an open and accepting curling venue for all to enjoy.

We must ensure we are all mindful and respectful of the diversity of our community and its members as each member is considered an individual, respecting their dignity and contributions.

Our league strives to develop an atmosphere where members are free to make suggestions, express concerns in a respectful manner and to feel welcomed.

Together, by operating by these principles, all those involved will share a sense of pride and accomplishment
